“Report on International Women's Day - 08 March, 2022”

On the occasion of International Women's Day, Gender Champions Club of Jharkhand Rai University, Ranchi organized a "Panel Discussion" on the theme "**Gender Equality Today for a Sustainable Tomorrow**" as part of the "Azadi Ka Amrit Mahotsav" celebrations.

International women's Day is celebrated every year on March 08 to recognise the social, economic, cultural & political achievements of women. First held in 1911, the international women's day is celebrated across the world to recognise women's achievements & raise awareness about women's equality.

International women' day aims to highlight & recognise the achievements of women in different spheres while also throwing light to much reserved yet important issues including gender discrimination that exist even today.

Panel Discussion is all about celebrating the incredible women and broadcasting their achievements for the current generation to learn.

The theme of International women's Day 2022 is "Gender Equality Today for a Sustainable Tomorrow" On which we had a panel discussion. It is simply impossible to achieve a sustainable tomorrow by excluding women & girls who comprises half of the population of the entire country. Making of a resilient tomorrow rest on including mainstreaming gender equality as well as gender equity.

This day is of great importance to raise awareness the sprits of women & remove the inequality spread in the society.

Rashmi Raj, Assistant Professor, Dept. of Management welcomed all the participants. The event was conducted through Cisco Webex platform & it was moderated by Ms. Prashanti Trustee- Gender Alliance, Social & Women Rights Activist, she played an important role in the successful operation.

The panel session began by opening remarks by Ms. Zeenat Parveen, Assistant Commissioner, Goods & Service Tax, Lucknow. She discussed on the importance of women in our society. She stated that “the customary practices should not be codified as in the present form. There are many customs which are not women friendly. They have to be changed or modified before we go ahead with codification of customary practices”. The stigma of, “she is a female, she will not be able to work” always is imposed in the context of female aspiring for a leadership role.

The next resource person Adv. Vandana Singh, Advocate Jharkhand High Court, Senior Standing Counsel, State of Jharkhand quoted that “empowering Women is empowering society”.

The third resource person Ms. Shweta Tiwari, Creative Head, Saransh Broadways, Media Production House quoted that woman can work equal to men without being under any influential banner and emphasized on the sacrifice made by women in leadership position. She also talked on various challenges encountered by women in personal and professional life and discussed some of the effective strategies to handle difficult situations through case studies and personal experiences.

Resource person Dr. Suman Dubey, Director- Health screen, MAA Foundation stated that women can be equally a part of any decision making in the presence of the male counterparts and that the best decision is taken into account and agreed by all irrespective of the gender who placed the opinion during the decision making. She also put forth the much-debated views on tribal women’s identity.

The program winded up by open discussion and active participation from the participants which was answered and discussed by the resource persons. The program ended successfully on a very positive note in the presence of various dignitaries, faculties, students and scholars of university. The Panel session was attended by more than 200 participants.
