Event Description

On day five all NSS volunteers of Jharkhand Rai University, Ranchi along with University NSS programme officer accompanied by agricultural faculty members reached to Dabar Toli village creating awareness under the theme **“Organic Farming”**. Prof. Puja Singh did the work of educating the farmers on the benefits of organic farming and soil and water conservation. She explained all the methods of organic farming. To maintain the fertility of soil Prof. Puja had explained how we can do crop rotation so that the fertility remains without harming the crops. Prof. Pratik explained all the questions which were asked by the farmers. The session was very interactive.

Outcome of the Event:

People of village were informed to gain knowledge about the staple food crops and their cultivation practices.

Understand new crop management practices.

Gain information about the impact of organic farming and indigenous practices on environment.
