

7.1.5 Green campus initiatives include

The University is situated in an area which is surrounded by greenery. The university environment is Eco friendly in all respect. As far as Green practices are concerned,

- All faculty members, staffs and the students use carpooling and motorbike pooling. The vehicles owned by faculty or students with pollution check stickers are permitted into the campus. Random checks are made to check the validation and periodicity of this certificate.
- Single-use plastic items such as plastic bottles, bags, spoons, straws and cups are banned completely and awareness is created among staff and students through orientation and display boards in the premises.
- The institute authorities are taking initiatives to make the campus paperless. The information are communicated through the channels as Whatsapp, Outlook, Mails, SMS official website etc in order to minimise paper based processes.
- The University academic management system uses JRU Learning Management System I.E. JRU Moodle for academic activity in the campus.
- Whereas, electricity consumption is concerned, 100% LED bulbs are used in the campus. Total consumption of electricity in the campus is 75000 KWH.
